The Westerly leaders are the only team that has played out its full schedule of 36 games to last Monday night, so that total pinfalls do not compare well at the present time, but on averages we get a line on the rolling of the teams to date. As shown in the complete figures given below for the six teams, Westerly No. 1 has a in the complete figures given below for the six teams, Westerly No. 1 has a lead of 7 pins and a fraction with Norwich Warriors second, the teams showing in this order on team averages: Westerly No. 1, 462 7-36; Norwich Warriors, 455 3-22; New London No. 2, 442 2-33; New London No. 1, 432 25-33; Westerly No. 2, 431 11-22; Norwich No. 1, 423 4-30. Westerly's big record team total of 1510 accounts in a large measura for their Mg average and will be a hard thing for the other fellows to beat out.

Individual Leaders.

Of the individual high averages Clarke of Westerly has 97 1-3, but this is only for three games. New York, March 3 .- It was a day of small things in the stock market, and the meagre business came almost entirely from professional operators. The traders who had bought stocks yesterday on a rising scale up to the close of the day were somewhat discordered over a number of developments which confronted them when they started business today. They unloaded their light holdings as a consequence with some precipitance. sequence with some precipitancy. While this selling was light the demand was even lighter and the result was rather violent breaks in prices. The professionalism of the market was demonstrated by the suddenness with which extrems dulness followed the completion of this selling of the traders. On the slate at present are the following: Pitchers, Parker, Luby, McLean, Porray, Zawatkey and McDuffle; catchers, Connor, Hirst, Cahill and Whiting; first base, Zeller; second base, Collins; shortstop, Pinkerton or Burns; third base, Mulcay and Scanlon of Brightwood; outfield, Rising, Wcite, Maggert and Peloquin of Southbridge. Joe Connor is practically sure of catching, but the other catchers are not. Hirst may be sent to another ciub. Whiting is a trifle young for league ball and may not be used. One other backstop, not on the list now, with Connor look like the backstopping end. There are half a dozen pitchers on the book, with Parker, McLean and Luby as veterans. A left-hander is to be signed. Jawn Hess belongs to Nashville and will in all probability not be with Springfield the coming season. McDuffle pitched a few games with Worcester last year. He is worth a trial. Each man had one fall to his credit when the bout stop-

In the infield Yale will be replaced at first by Zeller. Collins, the crack from Naverhill, will get second base, and Scanlon of Brightwood will be tried out at third. A deaf mute named Muisay from Brooklyn has been so highly recommended by Tom Daly, the old Brooklyn star, that Springfield will give him a chance. Mulcay is a sixtorier who in addition to being competent in a baseball way is believed to be somewhat of a sprinter. What will be done with McAndrews is one of the unsettled problems. The veteran outof a half-hour in which Winn, the In-dian, of New London, got one fall in 17 minutes 45 seconds from Salvey of be done with McAndrews is one of the unsettled problems. At the time of the police interference Burns was strong, although taking considerable punishment; he could have continued indefinitely, or at least have finished the twenty rounds.
